

Hi, I'm Bonny,

that's actually one of my three names. The one my Mum gave me beside the other two that are traditionally given in the spanish culture. Maria is my first name and Rosario my second name which is also the name of my Grandmother. But most people know me as Bonny, Bonita or Bonella. Whatever comes to their mind when they say my name. I love my name(s)!

I'm a chaos with a straight line.

I'm a dreamer but still realistic in a healthy way.

I love the sound of handmade music, real instruments that are used for songs. That's why my music lives from this sound.

You're invited to follow me on a journey through different music landscapes. Just relax from your daily stress and let my music take you to a world full of relaxing moments where you can forget your everyday stress.
